HEALTH PASSPORT

PASAPORTE MÉDICO

Le but de ce passeport de santé est de vous fournir un document ressource pour faciliter vos interactions avec les professionnels de la santé. Nous vous recommandons de garder votre passeport de santé avec vos documents du Programme Fédéral de Santé Intérimaire (document de plan de santé) et de le présenter à tous vos rendez-vous médicaux. Ceci va améliorer la communication entre vous et le fournisseur de services, ainsi que la qualité et la continuité de vos soins. Les informations doivent toujours être vérifiées par un professionnel et ne doivent en aucun cas être utilisées pour remplacer un diagnostic professionnel.

The goal of this Health Passport is to provide you with a resource to facilitate your interactions with healthcare providers. We recommend that you keep your health passport with your Interim Federal Health Program papers (health plan document) and that you bring the passport to all of your medical and social appointments. This will improve communication between yourself and the service provider, as well as improve quality and continuity of care. The information must still be verified by a professional and it is in no way shape or form to be-used as a substitute for professional diagnosis.

El objetivo de este pasaporte de salud es proporcionar un documento de referencia para facilitar sus interacciones con los profesionales de la salud. Le recomendamos que guarde su pasaporte de salud junto con sus documentos del Programa Federal de Salud Provisional (documento del plan de salud) y que lo presente en todas sus citas médicas. Esto mejorará la comunicación entre usted y el proveedor de servicios, así como la calidad y la continuidad de su atención. La información siempre debe ser verificada por un profesional y en ningún caso debe utilizarse para sustituir un diagnóstico profesional.
